25. ENTIRE AGREEMENT AND AMENDMENT. This Agreement, together with the attachments, exhibits, webpages, or supplements specifically referenced and incorporated herein, constitute the entire agreement between Company and Customer with respect to the matters contained herein and supersede all previous communications, representations, or agreements, either oral or written between Company and Customer. No agreement or understanding varying or expanding this Agreement will be binding upon either party unless it is in writing and signed by a duly authorized representative of each party hereto.

26. CONFLICTS. In the event of any conflict or inconsistency between the terms of any agreement, or any part of an agreement or the various documents (including, but not limited to, electronic documents) between Company and Customer, unless the parties agree otherwise in writing, the various components of the agreements shall be given the following precedence (in descending order of precedence): a) any master agreement or long term agreement between Company and Customer; b) any specific terms, conditions and/or warranties of the individual products or Deliverables; c) the terms and conditions of this Agreement, and d) any purchase order.

27. UNSATISFACTORY CREDIT/TERMINATION FOR INSOLVENCY OR DEFAULT. The rejection or termination of any order by Company will not entitle Customer to any termination or severance compensation, or to any payment in respect to any goodwill established by Customer, or render Company liable for damages on account of the loss of prospective profits, or on account of any loss, expenditure, investment or obligation incurred or made by Customer.

No action taken under this Section 27 by Company (nor any failure of Company to act under this Section 27) will constitute a waiver by Company of any of its rights to enforce Customer's obligations, including the obligation of Customer to make payments as required under this Agreement. Upon termination of any order, all amounts owed by Customer to Company will become immediately due and payable, whether or not otherwise then due or payable.

28. CREDIT RISK ON RESALE OF DELIVERABLES. How to price protection plates

1) Look to see if the desired plate is in the the Stocked table. If it is, use this price shown.

2) If the plate is not a stocked plate,

a) Determine the hundred square inch size using the Door Plate Hundred Square Inch Sizing Chart above. If ordering in increments not shown on the chart, use the next larger size (height and/or width) shown in the chart.

Example: For a 6 1/2" x 33 1/2" plate, use 8 x 34 = 2.72 sq. inches.

b) Determine the list price for the height of plate and desired finish from the List Price (per 100 square inches) table.

Example: For a 6 1/2" height plate in US32D finish, use Under 8" column = \$17.00

For base plate pricing, multiply square inch size from part a) times the list price from b)

Example = 2.72 sq. inches X \$17.00 = \$46.24

3) If any options are desired, then add the list add per plate pricing to the base plate pricing.

For a 8402 8 X 34 US32D TK-TX, use the following.

Examples = 2.72 sq. inches X \$15.00 (base price) + \$20.00 (for UL) + \$14.00 (for TK-TX) = \$74.80
